September 15, 2010

9:00 a.m.—12:00 p.m.

750 9th Street, NW
Suite 900
Washington, DC 20001

Parking Garage in Building

Join us at this informative seminar and hear from Bryan Macuci, Operations Manager for Complete Building Services, about decoding your electric bill. Mr. Macuci will explain why understanding your bill can translate to savings in your properties' budgets. Points to be discussed include:

- How rate schedules are determined
- Understanding the different components within the utility bill
- How those components effect the bill
- On/Off & Intermediate times & how they relate to kwh consumption
- Peak demand amount and charges & how it relates to the overall bill
- Understanding your facilities baseline usage

Mr. Macuci has over 30 years of experience conducting utility analyses, energy audits, and efficient mechanical equipment upgrades. Don't miss this opportunity to learn from an expert and increase your professional edge!
